### Description :

Prsentation de l'diteurA magisterial history, ranging from antiquity to the present, that reveals anti-Judaism to be a mode of thought deeply embedded in the Western tradition. There is a widespread tendency to regard anti-Judaism whether expressed in a casual remark or implemented through pogrom or extermination campaign as somehow exceptional: an unfortunate indicator of personal prejudice or the shocking outcome of an extremist ideology married to power. But, as David Nirenberg argues in this ground-breaking study, to confine anit-Judaism to the margins of our culture is to be dangerously complacent. Anti-Judaism is not an irrational closet in the vast edifice of Western thought, but rather one of the basic tools with which that edifice was constructed. Revue de presse'Elegant and precise ... [His] superb scholarship has done a great

service [...] not only to historians' --Edward Peters.'In this remarkable book, the development of a way of thinking is traced with scholarly rigour' --The Times.'A truly monumental book. Dark as its subject may be, it is full of delights ... This is a book that will - and should - stop you in your tracks' --The Sunday Times.

Présentation de l'auteur  
A magisterial history, ranging from antiquity to the present, that reveals anti-Judaism to be a mode of thought deeply embedded in the Western tradition. There is a widespread tendency to regard anti-Judaism whether expressed in a casual remark or implemented through pogrom or extermination campaign as somehow exceptional: an unfortunate indicator of personal prejudice or the shocking outcome of an extremist ideology married to power. But, as David Nirenberg argues in this groundbreaking study, to confine anti-Judaism to the margins of our culture is to be dangerously complacent. Anti-Judaism is not an irrational closet in the vast edifice of Western thought, but rather one of the basic tools with which that edifice was constructed.
